

Current UWC Committees, their purposes, and their contacts

Continuing Education Committee

Learn, learn and learn some more. Our committee is dedicated to life-long learning. We strive to offer our members thought provoking and interesting opportunities to learn about our world and ourselves.

Current Issues and Action Committee

Sharing the current issues of today and adding our voice in support is the focus for our committee. As “action speaks louder than words”, we put actions into practice where the University Women’s Club can make a difference in our world.

Finance Committee

The buck stops here and we make sure it is accounted for. The finance committee oversees the financial health of UWC so we can continue to thrive and grow.

House and Grounds Committee

Sharing Ralph Connor House and grounds and maintaining its beauty is our mission. We keep this historic home in pristine condition inside and out to keep this historic home a treasure for all to enjoy.

Food Services Committee

Sharing cup of coffee or a glass of wine makes a house a home. We make sure our guests and our members feel at home by ensuring our food services are of the highest quality.

Membership and Communication Committee

Growing our numbers and welcoming new members is our ideal. We keep members informed and up-to-date through social media, the Bulletin and best of all, conversation. Welcoming new members is the highlight for our group.

Nominating Committee

A thriving club is led by dedicated leaders. We help the nominating process to reflect the input and insight of our membership. UWC has been led by remarkable women since 1909 and we strive to continue that legacy.

Program Committee

Satisfying our intelligent and educated members' curiosity and interest keeps our committee on our toes. We thrive on finding new ideas, new speakers, and exciting programs to offer to our members throughout the year.

Scholarship Trust Fund Committee

Sharing is the byword for our committee as we give scholarships to deserving and talented young women and men every year. To watch our scholarships make a difference in the lives and education of women and men is the very heart of UWC.

Contact the UWC office at uwc@mymts.net or 204-954-7880 to be put in touch with committee chairs.
